

epPerson

```
graph BT; epStudent --> epPerson; epTeacher --> epPerson;
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'epPerson'. Below it are two boxes, 'epStudent' on the left and 'epTeacher' on the right. A horizontal line connects the two lower boxes, with a vertical line extending upwards from its center to the bottom of the 'epPerson' box, ending in an arrowhead. This indicates that both 'epStudent' and 'epTeacher' inherit from 'epPerson'.
